QUESTION:

What is the status of the Washington Field Office (WFO) relocation, to include the anticipated move schedule, status of funding and anticipated additional funding requirements?

ANSWER:

The reasons for the relocation of the WFO are technical in nature. Funding was obtained in Fiscal Year (FY) 1984 to effect the move. Difficulty in locating a suitable building has delayed the WFO move. A suitable building (1425 New York Avenue, N. W., Washington, D. C.) has been located; however, the square foot bearing cost far exceeds the \$35 limit posed by the House Public Buildings and Grounds Subcommittee. With time working against both the FBI and the U. S. Intelligence Community (IC), in the absence of any other suitable building, the immediate alternatives are to renegotiate the lease with the owner of the 1425 New York Avenue building or to obtain from the Committee members an exemption from the \$35 square foot ceiling.

The General Services Administration (GSA) has been negotiating with the owner of the building at 1425 New York Avenue for over one year and is offering a lease of \$10 million a year compared to \$10.5 million requested by the lessor. However, the House Public Buildings and Grounds Subcommittee is attempting to keep cost for government leased space in a range of not more than \$35 per square foot and have so told GSA. The terms offered by the owner would put the per square foot cost at around \$55.00.

On June 12, 1986, a meeting was held in Representative ROBERT A. YOUNG'S office to discuss the WFO relocation. Present were representatives of the FBI and GSA representatives WILLIAM SULLIVAN, Commissioner of Public Buildings, and WILLIAM JENKINS, Director of Real Estate, National Capital Region. Representative YOUNG was joined by Representative E. CLAY SHAW, the ranking minority member of the Subcommittee. The purpose of the meeting was to discuss a WFO move to 1425 New York Avenue. The committee is very reluctant to approve any government moves involving leased space for more than \$35 per square foot.

ANSWER: (CONTINUED)

Congressmen YOUNG and SHAW supported the FBI's need to relocate WFO. They instructed GSA to conduct computer searches of the delineated area to identify other buildings available or government space from which the occupants could be moved. GSA was to determine whether the owner of 1425 New York Avenue had other government leases which might place the government in a better bargaining position.

Both Congressmen appeared sincere in their desire to help the FBI and expressed an interest in receiving endorsements for the move from the IC and the Attorney General.

On June 18, 1986 a meeting was held with the same parties in addition to PAUL TRAUSE, Deputy Administrator and CLYDE PEARSON, Legal Counsel of GSA. The purpose of this meeting was to discuss alternatives in the relocation of WFO. The alternative discussed was that of government ownership of a building for WFO, perhaps by condemnation of the property at 1425 New York Avenue. GSA agreed to explore with the Department of Justice condemnation proceedings.

There are five feasible options in the relocation of WFO:

- 1) Renegotiate the terms of the lease to reduce the square foot cost (18-24 months).
- 2) Obtain House Committee approval to lease 1425 New York Avenue making an exception to the current lease ceiling of \$35 per square foot (18-24 months).
- 3) Condemn 1425 New York Avenue, and construct a government owned building (3-5 years).
- 4) Locate another site in the delineated area, condemn it, and build a government building (3-5 years).

ANSWER: (CONTINUED)

On August 20, 1986, FBI representatives met again with Messrs. TRAUSE and JENKINS who reported that negotiations for the building at 1425 New York Avenue seemed to be deadlocked since the owner is not willing to budge from the approximate \$55.00 a square foot cost. Several options were suggested by Mr. TRAUSE in order to reduce the square foot cost. One of these options is to change the terms of the lease from 20 years to 10 years and at the same time reimburse the owner for the cost of "special requirements." Everyone agreed during this meeting that before renegotiation with the owner begins, a new survey of available real estate in the "delineated area" should be done to make absolutely sure there was no other suitable building available.

Since August 20, 1986, four buildings within the delineated area have been located. The building plans for these four locations are being reviewed. It should be noted that each of these four sites have less than 10 foot ceiling clearance and each is approximately 200,000 square feet which make them inadequate for a total relocation of WFO.

(S) Dear [Redacted]

Reference is made to certain responses to FBI records which are enclosed for your further review and consideration.

On January 5, 1987, I and members of my staff met with you and your staff regarding several issues of mutual concern. This will restate some of the views expressed by us during that meeting.

(1) E.O. 12356, Section 3.4(a) captioned Mandatory Review for Declassification, states that all information classified under that Order or predecessor orders shall be subject to a review for declassification by the originating agency if the request is made by a United States citizen or permanent resident alien. It is my opinion that a systemic failure to conduct such a mandated review could result in a court striking down subsequent efforts to classify the material. We will consider any documents referred to you as being reviewed consistent with the mandate of the Executive Order.

ENC. BEHIND FILE
1- ENCLOSURE

(2) Under 5 USC 552(b)(7)(D) a source must be a confidential source in order to have this protection. Another federal agency may not be considered a confidential source. The term confidential source is not as broad as the term source.

62-80750-6513

(3) 5 USC 552(b)(7)(D) has two prongs. One allows for the deletion of source identifying information and the other allows for the deletion of information provided by the source.

For example, if a report reflects that a certain individual provided information, the name and other identifying data regarding the individual is protected under the first part of (b)(7)(D) while the information provided is withheld under the second prong.

(4) Asserting (b)(7)(D) when (b)(1) (classified information) is a viable alternative will provide the requester with a piece of information which would not have to be given up initially, i.e. that the information sought to be protected came from a confidential source.

(5) First party requests for documents relating to suitability, eligibility, access to classified information and other applicant type investigations are processed under the Privacy Act and not the FOIA.

I hope the above is useful to you.

Sincerely yours,
